

# CANOPIES

12V SPOTLIGHTS

location:  
**DRY**

## SPECIFICATIONS:

### DESCRIPTION

Low Voltage, quick-connect canopies with integral low voltage (12V) 60W electronic transformers. (No-load or low-load type for LED compatibility.) Include Quick-Connect jacks.

Available for 120V input. For 277V options, contact factory.

### DIMMING

An electronic low voltage dimmer is recommended. Do not use a low voltage magnetic-type dimmer, as this could damage the transformer.

### COMPATIBILITY

Compatible with all Besa Quick-Connect elements.

### METAL FINISH

Available in Bronze or Satin Nickel.

### MOUNTING

Canopies mount directly to 4" octagonal ceiling box.

### LABELS

UL or ETL Listed. Suitable for Dry Locations (interior use only).

## Monopoint Canopies

1 Lt. Flat / Finish  
**T21Q-BR** Bronze
